SABERS IN SERVICE

Students from Kahului Elementary join us for our first ever STUDENT LEADERSHIP CAMP. Senior Camryn Ban, Student Body President, coordinated this event for her Senior Project. This camp/workshop is tailored for elementary school youth to engage in fun leadership building activities with volunteer student leaders from Maui High. It was a great learning experience for all!

AOHT members volunteer annually at Maui County's Made In Maui event. Senior member Maureen Ramos hands out programs to the many who attend *Made In Maui* in support of local businesses and products.

ACOM Capstone student Kawena Kekuewa wraps up final edit for a weekly video announcement project. This endeavor requires successful collaboration skills among the student production team to be able to deliver video highlights for the school community on a regular basis with only a few days allowed for production time. View video announcements on the school app or on the homepage of the school website.

OR STOP BY OUR LOT ON NOV 28 & 29
4:30PM - 7:30PM

SHOP AMAZON SMILE

Attention Amazon Shoppers, did you know that when you shop at Smile.Amazon.com, Amazon donates a half percent of the purchase price to your favorite charity. Its the same Amazon you know. Same products, same prices, and same great service.

The Maui High School Foundation, PTSA and Band Booster Club are listed among the charities that benefit from AmazonSmile. Simply start your shopping at Smile.Amazon.com and designate one of our school's supporting non-profits. You shop, Amazon gives, Maui High wins!

ART CONTEST WINNER

Maui High congratulates Kalia Kapisi, senior student in Drawing & Painting Level 3, for winning the 2017 Maui County Latex Allergy Awareness Art competition! Kalia was presented with a certificate and cash prize at an award ceremony held on Monday, October 2nd, at the Maui Memorial Medical Center. Maui High is proud to support Latex Allergy Awareness and enforces a latex-free environment on campus and at school events.

AOHT CRAFT FAIR

SANTA'S WORKSHOP

It's that time again! Maui High's student government is gearing up for our Annual Santa's Workshop event!

Our Santa's Workshop allows keiki from nearby elementary schools to shop for Christmas gifts to give to their friends, family, and others. Each child receives a personal shopper (a volunteer high schooler) to escort them around 'Santa's Workshop' to find the perfect gift for the people on their list. The items they choose from are specially priced between $0.50 and $4.00 to make it very affordable. Then, the little shoppers take their purchased gifts to our free gift wrapping section. They leave with a handful of wrapped surprises for their loved ones and the wonderful feeling that comes from the joy of giving. All funds raised from Santa's Workshop is donated to a local charity.

Want to contribute to this wonderful event? **MHS Student Government kindly asks for our help in making this workshop happen by donating new items.** Gifts for all ages – children, teens, adults, and grandparents- are welcome. Ex. Bags, body lotions, jewelry, books, hats, houseware, notepads, sporting goods, toys, etc. Again, the items will be sold starting from $0.50 to $4 (maximum).

All donations can be delivered to J-101 or the main office by December 7, 2017.

Mahalo for your Support

BIO STUDENTS RECEIVE UNIQUE LEARNING EXPERIENCE

Over fall break Advanced Placement Biology students participated in a learning project presented by Ecology Project International. The students spent 5 days and 4 nights working with various research and community projects on Maui. Through this experience they learned about the different ecosystems on Maui, cultural and historical use of land and sustainability. Students accrued 20 hours of education and 15 hours of community work.

This field learning opportunity, arranged by AP Biology teacher Ms. Lindberg, turned out to be an all-expense paid experience thanks to a grant acquired by EPI along with funding support from the Maui High School Foundation to cover remaining student registration costs. Maui High sends a big thank you to all involved in creating this unique learning experience for our students.

NEW FLAG POLE FOR SABER ATHLETICS

Our Athletics Department has installed a flag pole in front of our gym. Saber teams are invited to raise the Saber banner on this pole when an MIL title is captured. This fall the Saber banner was proudly raised by Boys Cross Country, Girls Air Riflery, and Saber Football after achieving the MIL crown in their sports.

Maui High would like to send a shout out to the Hawaii Carpenter's Union Apprenticeship program for their service of installing our flag pole for our Athletics Dept.

WEIGHTROOM ADDITION

Our weightroom just scored a stationary exercise bike to add to our body conditioning equipment. Weightlifting instructor, Mr. Shirota says it will be great for student and athlete warm up and rehab.

We thank Sarah Sorensen and the Realtors' Association of Maui's Wishing Well program for connecting us to this donation.

SCENE ON CAMPUS

UNIFIED SPORTS REGIONAL GAME

A Special Olympics Area basketball game was held at Maui High gym on Oct. 18th. Maui HIgh's Unified Sports basketball teams played each other to qualify for the Holiday Classic games being held in November on Oahu. Our very own former principal, Mr. Anderson volunteered as one of the certified refs for the game, cheerleaders were in full effect on the baselines and many Saber supporters filled the stands to support the athletes. The Blue Dragons beat Maui Saber Pride in this regional event with a score of 30-22.

Dedicated to promoting social inclusion through shared sports training and competition experiences, Unified Sports joins people with and without intellectual disabilities on the same team. It was inspired by a simple principle: training together and playing together is a quick path to friendship and understanding. Maui High is proud to be a supporter and participant of the Unified Sports platform.

COOL CAMPUS PROGRESS

The aerial photo below of our campus shows the progress on the installation of solar powered AC systems for our classrooms. All portable classrooms now have operational solar powered AC units. Work continues to get the remaining classrooms in our buildings on line.
